To: Ms. Sheri Young, Secretary, National Energy Board

Dear Ms. Young:

**Re: Proposed Amendments to Regulations for Pipeline Damage Prevention
NEB File: Ad-GA-ActsLeg-Fed-NEBA-RRG-DPR 02 01**

Trans Mountain Pipeline ULC (“Trans Mountain”) is in receipt of the National Energy Board’s (the “Board”) proposed amendments to the regulations for pipeline damage prevention. Trans Mountain understands the Board is undertaking amendments to:

1. *National Energy Board Pipeline Crossing Regulations, Part I*
2. *National Energy Board Pipeline Crossing Regulations, Part II*
3. *National Energy Board Onshore Pipeline Regulations, and the*
4. *National Energy Board Administrative Monetary Penalties Regulations*

Trans Mountain has participated in the Canadian Energy Pipeline Association (“CEPA”) review and discussion of the proposed amendments. CEPA is filing comments with respect to the proposed regulations, concurrent to this submission, and Trans Mountain fully supports those comments.

Trans Mountain thanks for Board for the opportunity to provide comments on these regulatory amendments.

Should you have any questions, please contact the undersigned.

Yours truly,
