_____ (the Applicant), is applying for an
equivalency/exemption under subsection 16(1) of the COGOA for

_____.

By signing this form, the Applicant is consenting to the public disclosure of all the information or documentation provided in relation to the equivalency/exemption being sought, except for what the Applicant determines to be:

- financial, commercial, scientific or technical information or documentation that is confidential and has been consistently treated as such by a person who would be directly affected by its disclosure, and for which the person's interest in confidentiality outweighs the public interest in its disclosure;
- information that, if disclosed, there is a real and substantial risk it will impair the security of pipelines, as defined in section 2 of the COGOA, buildings, installations, vessels, vehicles, aircraft or systems, including computer or communication systems, used for any work or activity in respect of which the COGOA applies — or methods employed to protect them — and the need to prevent its disclosure outweighs the public interest in its disclosure; or
- classes of information or documentation described in subsection 101(7) of the CPRA.

The Applicant releases the CER, its officers, agents or employees from any claims, demands, losses and liability arising out of or related to the disclosure of information under this consent.
