

**INSPECTION OFFICER ORDER NO. SCB - 001 - 2015**

IN THE MATTER OF THE *NATIONAL ENERGY BOARD ACT*, AN ORDER UNDER SECTION 51.1

\_\_\_\_\_  
*Full name of the recipient*

is employed by Westcoast Energy Inc., carrying on Business as Spectra Energy Transmission (Westcoast), and/or is a person with management responsibilities and oversight of a processing facility, specifically Fort Nelson Gas Plant located at Mile 285, Alaska Highway, Fort Nelson, British Columbia.

On February 4-6, 2015, the undersigned *National Energy Board* Inspection Officer conducted an inspection of Fort Nelson Gas Plant.

The Inspection Officer has reasonable grounds to believe: there exists a potentially serious threat to public safety and the environment as the company is not able to demonstrate that it has a sufficient number of qualified workers to safely conduct operations.

The company has not met the requirements of *National Energy Board Processing Plant Regulations* section 32 and section 50.

*Based on the above, the inspection officer has reasonable grounds to believe that a hazard to the safety or security of the public, or employees of a company or a detriment to property or the environment is being or will be caused by the construction, operation, maintenance or abandonment of the pipeline, or excavation activity or construction of a facility as per paragraph 49(2)(a).*

Therefore, \_\_\_\_\_ is HEREBY ORDERED,

pursuant to section 51.1 and subsection 51.1(2) of the *National Energy Board Act*, to

- |  |   |
|--|---|
| <input checked="" type="checkbox"/> take measures specified below for guarding the safety or security of the public or employees or protecting property or the environment | <input type="checkbox"/> Suspend work until the hazard or detrimental situation has been remedied to the satisfaction of the inspection officer; or the order is stayed or rescinded by the Board |
|--|---|

Specified Measures:

Westcoast is required to:

1. Conduct an assessment on human resource needs and prepare the report required for the Fort Nelson Gas Plant under section 50 of the *National Energy Board Processing Plant Regulations*.
2. Create an action plan (the "Action Plan") to address the findings of the report.
3. Completely implement the Action Plan by 15 May 2015.
